Review articles

- 421 **Exercise and multiple sclerosis: physiological, psychological, and quality of life issues**
SUTHERLAND G., ANDERSEN M. B.

Original articles

- 433 **Modeling of velocity regimens for anaerobic and aerobic power exercises in high-performance swimmers**
ISSURIN V. B., KAUFMAN L. E., TENENBAUM G.
- 441 **DL_{CO} response to experimental cycle-run succession in triathletes**
HUE O., LE GALLAIS D., BOUSSANA A., PREFAUT C.
- 448 **VO₂ slow component correlates with vastus lateralis de-oxygenation and blood lactate accumulation during running**
DEMARIE S., QUARESIMA V., FERRARI M., SARDELLA F., BILLAT V., FAINA M.
- 456 **Acute versus chronic sodium bicarbonate ingestion and anaerobic work and power output**
MC NAUGHTON L., THOMPSON D.
- 463 **Seasonal variation in fitness variables in professional soccer players**
CASAJÚS J. A.
- 470 **Nostril dilatation increases capacity to sustain moderate exercise under nasal breathing condition**
TONG T. K., FU F. H., CHOW B. C.
- 479 **Validity and reliability of the Yale Physical Activity Survey in Spanish elderly**
DE ABAJO S., LARRIBA R., MARQUEZ S.
- 486 **Cardiological monitoring of sailors via offshore Internet connection**
LUGER T. J., GINER R., LORENZ I. H.
- 491 **The prevalence of cardiovascular disease risk factors of Hong Kong Chinese**
FU F. H.
- 500 **Branched-chain aminoacids and retraining of patients with chronic obstructive lung disease**
MENIER R., TALMUD J., LAPLAUD D., BERNARD M.-P.
- 505 **Lipid profile and redox status in high performance rhythmic female teenagers gymnasts**
GUERRA A., REGO C., LAIRES M. J., CASTRO E. M. B., SILVA D., MONTEIRO C., SILVA Z., LEBRE E., BICHO M.
- 513 **Oxidative stress in hemodialyzed patients during exhausting exercise**
JIMÉNEZ L., LEFÈVRE G., RICHARD R., COUDERC R., SAINT GEORGE M., DUVALLET A., RIEU M.

CONTENTS

- 521 A controlled study on the effects of hyperthermia at 434 MHz and conventional ultrasound upon muscle injuries in sport**
GIOMBINI A., CASCIELLO G., DI CESARE M. C., DI CESARE A., DRAGONI S., SORRENTI D.
- 528 Biopsychological, affective and cognitive responses to acute physical activity**
OWEIS P., SPINKS W.
- 539 The effects of exercise on mood changes: the moderating effect of depressed mood**
LANE A. M., LOVEJOY D. J.

Case reports

- 546 Ability of new heart rate monitors to measure normal and abnormal heart rate**
BOUDET G., CHAUMOUX A.
- 554 Courses & Congresses**
- 555 Subjects Index**
- 557 Authors' Index**
